

Canadian Entrepreneur Research Paper

Research two **Canadian** Entrepreneurs using credible sources (double check with another site) and include the following information:

1. Name, date of birth, and geographical location of birth.
2. Previous education of entrepreneur.
3. How they got their start.
4. Business they started/venture created (or took over). Include important details about it (i.e., age, date when they started).
5. Challenges/Obstacles/ Failure they faced.
6. People that helped them (mentors).
7. Entrepreneurial characteristics they seem to possess that aided them in their success.
8. Why did you choose this entrepreneur?

This research paper is to be **typed** in essay format (12 point font, double spaced) and two pages in length (one per entrepreneur – min). Include a title page and a bibliography to cite the sources you used (so...you should hand in a minimum of 4 pages).

NOTE: If you cannot find information regarding one of the questions after trying multiple sources, mention something about it so that I know you just didn't skip that question. Example: If you cannot find any information on education (high school/college/university) - state that you researched many different sources, but were unable to find any information pertaining to his/her education.

- You should research **more** than only one source!
- Double-check that your information is **accurate**!
