

Assignment #1

Create a form to look like the image below:

Customize the Form

- Change the name of Button1 to `bkgrd_red`; Button2 to `bkgrd_grn`.
- Change the text of `bkgrd_red` to read "RED"; `bkgrd_grn` to read "GREEN"
- Change the name of Button3 to `msg1`; Button4 to `msg2`
- Change the text of `msg1` to read "Message 1"; `msg2` to read "Message 2"
- Change the name of Label1 to `msg`. Set its font to be comic sans MS, bold, and size 12.
- Change the name of Button5 to `quit`; change the text to read "Quit".

Program the code to do the following:

- The button `bkgrd_red` changes the background colour of the form to red; same for the button `bkgrd_grn` which will make the background green.
- The buttons `msg1` and `msg2` will change the text of the label `msg` to display a message of your choosing.
- The button `quit` will end the program.
- Add comments to your code that explains what each part is doing.
