

IN PARTNERSHIP WITH

# PRESENTS...

**“The Teenage Brain: Under Construction:**  
 This talk will address the changes in the teen brain and how they make sense of some of the challenges in working with teens.  
 It will address what we can do for teens to thrive, and adults to survive!”

**Dr. Jean Clinton**

Jean Clinton is an Associate Clinical Professor, Department of Psychiatry and Behavioural Neuroscience at McMaster, division of Child Psychiatry. She is on staff at McMaster Children's Hospital and an Associate in the Departments of Family Medicine at McMaster. In addition she is an Associate in the Department of Child Psychiatry, University of Toronto and Sick Children's Hospital. She is an Associate Member of the Offord Centre for Child Studies. She has been a consultant to child welfare and children's mental health programs for 25 years. She serves as a board member for Children's Mental Health Ontario and expert advisor for "Invest In Kids Parenting Initiative."

Dr. Clinton is renowned locally, provincially, nationally and more recently internationally as an advocate for children's issues. Her special interest lies in the crucial role relationship and connectedness play in **brain development**. She speaks to many groups on the importance of relationships, early child development and brain development, parenting and **asset building**.
